For the convenience of those who do not bind back copies, the following table shows the numbers of the pages contained in every issue of *The Railway Gazette* and its Supplements from July 7 to December 29, 1939. Diesel Railway Traction Supplements are indicated by the letters D.S., and Electric Railway Traction Supplements by the letters E.S. These two Supplements are now paged separately and page references to their contents are prefixed in this index by the letters D and E, respectively. The issues marked with an asterisk contain a Road Transport Section. The Special Annual Overseas Number, published on November 29, is folioed separately 1-128.
